

Certificate II in Security Assembly and Set-up

State ID: A111

About this course

Activate your career in security and gain the requirements for cabler registration

When you complete the Certificate II in Security Assembly and Set-up you'll be flicking the switch on a career in electronics, as a **data cabler** or **security systems installer**.

You will gain the knowledge and practical skills to **assemble and install security systems** in a range of residential and commercial settings.

This course includes ACMA (Australian Communications and Media Authority) requirements for open cabler registration.

Gain these skills

- Secure electrotechnological equipment
- Assemble and dismantle components
- Use cabling drawing, standards, codes and specifications
- Workplace health and safety

Is this course right for me?

I have the following attributes:

- Good communication skills
- Able to follow plans and instructions, and solve problems
- Good hand-eye coordination
- Enjoy and have an aptitude for technical activities
- Honest and trustworthy

Job opportunities

[Security Cabler | Security Installation Assistant | Cabler \(Data and Telecommunications\)](#)

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Fees and charges

View our [Indicative Fees list](#)

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
