

Certificate III in Electrical Fitting

State ID: A131

About this course

This qualification will provide you with the skills and knowledge to manufacture, fit, assemble, erect, operate, test, fault find, alter, repair electrical equipment and includes electrical wiring work only if that work is associated with assembling, maintaining, terminating or altering the wiring between electrical components within a plant or machinery. You will learn to solve problem in d.c. circuits and in single and three phase low voltage machines, develop and connect electrical control circuits and use diagrams, standards, codes and specifications.

The Certificate III in Electrical Fitting is an apprenticeship: you must be employed in a training contract by an appropriate organisation to study. Please see the Apprenticeships section for more information.

Switchgear Tradesperson

- Registration or licensing is required.

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Fees and charges

View our [Indicative Fees list](#)

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**North
Metropolitan**

*We're working for
Western Australia.*

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
