

# UEE40711 Certificate IV in Electronics and Communications

National ID: UEE40711 | State ID: A137

## About this course

### Amp up your career in Electronics and Telecommunications

Complete the Certificate IV in Electronics and Communications and you'll have the practical skills and knowledge to work with **radio/telecommunication**, data systems/cabling and computer network hardware.

This course is **delivered partially online** and on campus over 18 months. If you have completed a Certificate II or a trade certificate in Electronics (or equivalent) you can apply for a credit transfer reducing your study time by either six or 12 months.

### Gain these skills

- Find and repair faults
- Dismantle, assemble and terminate cable
- Fabricate electrotechnology components
- Engineering drawing and project specification writing
- Supervisory and maintenance management
- Work safely in the industry

### Is this course right for me?

I have the following attributes:

- Good communication skills
- Good problem solving ability
- Good hand-eye coordination
- Enjoy technical and engineering activities

## Overview

### Semester 1, 2019

---

#### Midland - Online

 When: **Semester 1, 2019**

 How: **Online**

### Semester 2, 2019

---

#### Midland - Online

 When: **Semester 2, 2019**

 How: **Online**

## Entrance requirements

School Leaver

C Grades in Year 11 WACE General English, and OLNA; or NAPLAN 9 Band 8

Non-School Leaver

C Grades in Year 11 English and Maths or equivalent

AQF

Certificate II or Certificate III

## Job opportunities

[Radio Communications Technician](#)

---

Other job titles may include:

- Communications Technician
- Electronics Equipment Technician
- Electronics and Communications Technician

*Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.*

## Fees and charges

View our [Indicative Fees list](#)

## Local full time students

Course fees are made up of two components, tuition fees and resource fees.

**Tuition fees** are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

**Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

## International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

**Please note, fees are subject to change.**
