Certificate II in Automotive Electrical Technology (Automotive Electrical Pre-apprenticeship)
State ID: AB03

About this course

Ignite your automotive electrical career

Complete this pre-apprenticeship and you’ll have what employers are looking for in an apprentice automotive electrical technician.

Many employers prefer apprenticeship applicants to have completed a pre-apprenticeship — this course will give you the skills and knowledge to make you more competitive and give you a flying start in learning a trade. Plus our strong links to the automotive industry may also help!

Enjoy quality facilities including modern vehicles, specialised diagnostic equipment, and fully equipped classrooms and workshops.

Please note that entry into this course is competitive.

Gain these skills

- Installing, testing and repairing wiring and lighting systems, electrical systems, electrical components and circuits
- Reading wiring diagrams
- Workplace safety and health

Is this course right for me?

I have the following attributes:

- Good background in reading, writing and mathematics
- Good eyesight and vision for detail
• Good problem-solving skills
• Able to interact with customers

- Appropriate Personal Protective Equipment (PPE) including long cotton pants, cotton shirt, steel capped safety boots and safety glasses.

Typical timetable:

- 3 days per week
- Training ‘on the job’ - a compulsory component of training is undertaken with 75 hours of industry work placement and additional 75 hours of project work at TAFE.

Fees and charges

View our Indicative Fees list

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be
given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**International Students**

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

*Please note, fees are subject to change.*
