

Certificate IV in Design (Product Design)

State ID: AB18

About this course

Are you ready to take your 3D design ideas to the next level?

This course is suitable for anyone who does or would like to learn how to, design, draw, use design software and build models.

You'll build your design skills and knowledge while undertaking **hands-on projects** that require you to take your ideas all the way from **concept to prototype**. Gain an insight into the specialist methods, skills and technologies used in the **3D design industry** and turn your ideas into prototypes for individual or mass produced consumer products.

Gain these skills

- Design and drawing
- Develop 3D design concepts
- Build prototypes and models
- Digital design

Is this course right for me?

I have the following attributes:

- Creativity and a love of design
- Problem-solving skills
- Strong communication skills
- Practical with technical ability

- Product Design Assistant
- Furniture Design Assistant
- Junior Graphic Design Assistant

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Fees and charges

View our [Indicative Fees list](#)

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
