

ICT60215 Advanced Diploma of Network Security (Cyber Security)

National ID: ICT60215 | State ID: AB51

About this course

Find a secure role in a growth industry with North Metropolitan TAFE's Advanced Diploma of Network Security (Cyber Security)

Cyber security jobs are already in high demand and this trend is expected to continue as more individuals, businesses and organisations have an online presence.

With the increase in cyber attacks, cyber security is vital for individuals and businesses alike making this branch of information technology one of Australia's national security priorities.

This Cyber Security pathway course will increase your expertise in the highly technical area of network security. We strongly recommend that you have completed a Diploma in Network Administration or an equivalent course or have experience as an IT professional, working in the industry before entering this course.

You'll gain skills and knowledge in **Cloud, WAN Infrastructure** and **Perimeter-based Security**. You will also learn the fundamentals of **Python** and assist in a real-world scenario Cyber Security Project.

Studying at North Metropolitan TAFE you'll be able to make the most of our existing status with the **Microsoft Imagine Academy** and the **Cisco Network Academy** to provide vendor-based resources and learning in relation to Cyber Security. The highly sought after CCNA Security vendor course is embedded in this qualification and you will get a **CCNAS** course completion certificate on successful completion of the course.

Want to be part of Australia's strong cyber defences? This **Advanced Diploma of Network Security (Cyber Security)** will give you the tools you need.

New students who have not studied the course that precedes this qualification should book an appointment using the link below or contact the area to ensure they apply for the correct level of study.

Overview

Semester 1, 2019

Joondalup (Kendrew Crescent) - On Campus

Duration: **6 Months**

When: **Semester 1, 2019**

How: **Full-Time**
On campus
On campus

Units

Core

Unit Title	National ID
Implement secure encryption technologies	ICTNWK502
Design and implement a security perimeter for ICT networks	ICTNWK509
Design and implement a security system	ICTNWK601
Plan, configure and test advanced server-based security	ICTNWK602
Integrate sustainability in ICT planning and design projects	ICTSUS601

Elective

Unit Title	National ID
Lead the evaluation and implementation of current industry specific technologies	ICTICT609
Configure network devices for a secure network infrastructure	ICTNWK608
Design and configure desktop virtualisation	ICTNWK615
Manage security, privacy and compliance of cloud service deployment	ICTNWK616
Validate an application design against specifications	ICTPRG520
Apply advanced programming skills in another language	ICTPRG523

Unit Title

National ID

Establish a business case for sustainability and competitive advantage in ICT projects

ICTSUS602

Entrance requirements

School Leaver

Non-School Leaver

AQF

Completion of WACE General or ATAR
(Minimum C Grades) or equivalent

Completion of WACE General or ATAR or
equivalent (minimum C Grades)

Certificate III

Job opportunities

- Information Security Officer
- IT Security Consultant

Fees and charges

View our [Indicative Fees list](#)

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.
