

UEESS00092 Restricted - Attachment of cords/cables and plugs to low voltage three phase electrical equipment

National ID: UEESS00092 | State ID: AC311

About this course

Successful completion of this skill set will equip you with the tools you need to be able to attach cords, cables and plugs.

You'll gain the training, skills and knowledge to change a flexible plug or cord and wire up new plugs and sockets.

You'll cover the following units

UEENEEE101A Apply occupational health and safety regulations, codes and practices in the workplace

UEENEEP024A Attach cords and plugs to electrical equipment for connection to a single phase 230 volt supply

UEENEEP025A Attach cords, cables and plugs to electrical equipment for connection to 1000 Va.c. or 1500 Vd.c. supply

enabling you to

- Select flexible cords/cables and plugs to suit applications
- Connect flexible cords/cables and plugs
- Perform testing procedures
- Locate and repair faults in flexible cords and plugs
- Provide reports

Duration: 2 days

Day 1: 8:30am - 4:30pm

Day 2: 8:30am - 11:30am

Next course:

26 & 27 November

Minimum numbers 5, maximum numbers 12

Details

Semester 2, 2019

Midland - On Campus

When: **Semester 2, 2019**

How: **On campus**

Units

Core

| National ID | Unit Title |
|-------------|--|
| UEENEEE101A | Apply Occupational Health and Safety regulations, codes and practices in the workplace |
| UEENEEP024A | Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply |
| UEENEEP025A | Attach cords, cables and plugs to electrical equipment for connection to 1000 Va.c. or 1500 Vd.c. supply |
