

Entry into Care Roles Skill Set

State ID: AE116

About this course

This skill set is free for everyone

The **CHCSS00114 Entry Into Care Roles** skill set addresses the skills and knowledge required to provide entry level support and basic client care for a range of roles and purposes within the aged care and disability support sectors.

The support provided in client care will be predominantly non-direct. The skill set is comprised of the following units.

- HLTINF001 Comply with infection prevention and control policies and procedures
- CHCCCS015 Provide individualised support
- HLTWHS002 Follow safe work practices for direct client care

This skill set is free for everyone.

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.
