

# Provide Individual Support Skill Set

State ID: AE144

## About this course

**Many individuals require support services to help them live an independent and fulfilling life – including people with physical or intellectual disability, older people, and vulnerable members of the community.**

This is highly rewarding work, but employers look for people who are job ready with basic skills and knowledge for entry level roles in one-on-one or group support settings, or for administrative role in a care facility. With the Provide Individual Support skill set, that will be you! You'll learn about following a client's individual care or support plan to meet their personal support needs, how to comply with personal hygiene standards, maintain food safety, contribute to the cleanliness of food handling areas and dispose of food appropriately, prepare for and provide medication assistance and complete medication documentation, supporting a client to self-administer medication, safe work practices for the health and safety of yourself and your clients, and how to recognise potentially hazardous manual tasks and complete those tasks in a safe manner.

This skill set provides a pathway to further study in the following **Lower fees, local skills half-price course** fees qualifications.

**Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.
