

Introduction to Cybersecurity Skill Set (Fee Free)

State ID: AE154

About this course

Cyber security is a key jobs growth area, so this is a great place to start

Introduction to cyber security, sounds cool, right? That's because it is. COVID-19 has changed the way we live and work, with so many things now being done online, which has led to the need for skilled workers to protect our online safety and security.

The Introduction to Cyber Security skill set covers critical skills and knowledge to get you job ready and give your career a good kickstart. You'll learn about professional and ethical conduct in an ICT workplace, how to manage personal and sensitive data and information in a confidential and professional manner, recognising and identifying cybersecurity needs in an organisation, how to undertake security fundamentals in relation to personal and networked computers.

Further study in Lower Fees, Local Skills half-price courses

[Certificate IV in Cyber Security](#)

If you're aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This skill set is related to the Skills Ready program. Other skill sets can be found on our [Courses](#) page, using the *Refine course results>Study mode* filters.

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

Semester 2, 2020

Joondalup (Kendrew Crescent) - On Campus & Online

Further study

 [Certificate IV in Information Technology Networking](#)

 [Certificate IV in Cyber Security](#)

Other qualifications for further study include the following.

Important information

Students will need to provide their own External Hard-drive/USB ThumbDrive with at least 500Gb capacity.

Course timetables

East Perth

Starts 10 August: 16 weeks, Mondays 5.00pm - 8.30pm

Due to high demand, Term 3 classes at the other campuses are full so applications will now be considered for Term 4.

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
