

Infrastructure Ready Skill Set (Fee Free)

State ID: AE212

About this course

Interested in starting a career in a dynamic, progressive and growing industry?

The civil construction industry is in a long-term growth phase. Here in WA, the Government is gearing up to spend around \$3 billion per year on transport infrastructure (road and rail projects) alone, creating thousands of job opportunities for Western Australians.

Civil construction offers a diverse range of well-paid jobs and career pathways. You will be working in a dynamic team environment creating amazing projects.

On successful completion you could be part of a practical, hands-on industry that pays good wages and have the satisfaction of being part of building a major WA project. You'll have a **White Card** and be ready to start work as a Labourer or Plant Operator.

Half price course pathways

The units in this skill set may lead to the qualifications listed below and other qualifications that allow selection of these units.

- Certificate II in Civil Construction
- Certificate II in Construction
- Certificate III in Civil Construction
- Certificate III in Civil Construction Plant Operations

Gain these skills

This training will prepare you for entry level roles in the infrastructure industry and will focus on:

- Working safely on construction sites
- Building your knowledge to carry out measurements and calculations and to prepare and organise construction work
- Learning the skills to operate small plant and equipment used in construction projects

Is this course right for me?

I have the following attributes:

- Willing to work long days with early starts, up to 50 hours per week.
- Willing to work outdoors in all weather conditions
- Have reliable transport to get to work by 5:45am
- Willing to undertake any drug and alcohol tests or medical assessments as required for the role
- Follow all work health and safety procedures as required for the role
- Willing to undertake reasonable manual labour

If you're aged 15—24 years (not at school), receiving the JobSeeker or JobKeeper payment, receiving Youth Allowance, AUSTUDY or ABSTUDY or holding a pensioner concession card, Health Care Card or a Repatriation Health Benefits Card issued by the Department of Veterans' Affairs, or a dependent of persons who are inmates of a custodial institution, you are eligible to enrol for free!

This skill set is related to the Skills Ready program. Other skill sets can be found on our [Courses](#) page, using the *Refine course results*>*Qualification level* filter.

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

Semester 2, 2020

Job opportunities

[Labourer Plant Operator](#)

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Important information

Job seekers that complete the course will be connected to employment opportunities in Civil Construction.

Delivery

This is a four week course that includes 3 weeks of formal training (6 units of accredited training) and 4 days of work experience activities.

Course dates

1st intake - 27 October 2020

2nd intake - 10 November 2020

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.
