BSB51415 Diploma of Project Management
National ID: BSB51415 | State ID: AVW5

About this course
All businesses need project managers

This course builds on the skills gained in the Certificate IV in Project Management Practice. It will give you the essential skills and knowledge of current project management practices.

The Diploma allows you to expand and extend your already existing management skills with units that will teach you an understanding of management in many fields.

Keen to get started? We offer this course online.

**Fees and charges**

**Local full time students**

Course fees are made up of two components, tuition fees and resource fees.

**Tuition fees** are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

**Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**International Students**

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
