Delivery mode information

**Work-based**

Workplace training offers a flexible, self-paced study program which combines workplace recognition of prior learning and individualised ‘gap’ training to attain your qualification.

Workplace training means every time you go to work you are learning and demonstrating competence whilst working towards your qualification. The flexibility of workplace training allows you to structure and perform learning and assessment in a way that fits into your professional and personal life.

Learning and assessment plans are created on an individual level in consultation with you and/or your employer. Workplace training assessment is conducted using numerous methods including practical demonstration and observation, question and answer interviews, written tasks, supervisor reports and workshops.

### Fees and charges

View our [Indicative Fees list](#)
Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check TAFE International WA to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
