

# RII20515 Certificate II in Resource Processing

National ID: RII20515 | State ID: AZB2

## About this course

### Get your career in the resources industry off the ground

This qualification will give you the skills and knowledge necessary for **entry level employment** as a processing technician in a **resources processing facility**.

#### Gain these skills

- Collect and break rock samples
- Conduct conveyor, crushing and screening plant operations
- Work safely and follow onsite safety policies and procedures

#### Is this course right for me?

I have the following attributes:

- Enjoy manual and technical work
- Able to follow workplace health and safety procedures and work safely
- Comfortable working in a physical environment
- Good communication skills
- Attention to detail
- Able to work well as part of a team

## Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

- Process Operator (Mineral Processing)
- Processing Plant Attendant (Extractive Industries)
- Coal Preparation Operator
- Processing Technician
- Mineral Processing Technician

*Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.*

## Fees and charges

### Local full time students

Course fees are made up of two components, tuition fees and resource fees.

**Tuition fees** are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

**Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.
