

Certificate III in Automotive Electrical Technology

State ID: BAD3

About this course

**LOWER FEES
LOCAL SKILLS**

This qualification is part of the [Lower fees, local skills](#) program where you'll pay only half of the standard course fees.

Fine tune your automotive career

You will be required to complete the Certificate III in Automotive Electrical Technology when you are employed as an **apprentice** automotive electrical technician. This course will give you a broad range of skills and knowledge to work effectively in the automotive industry **servicing, diagnosing and repairing electrical systems** and components in a range of **vehicles**.

Automotive students at the Midland campus enjoy quality facilities including modern vehicles, **specialised diagnostic equipment**, and fully equipped classrooms and workshops.

The Certificate III in Automotive Electrical Technology is an apprenticeship, please see the Apprenticeships section for more information.

Gain these skills

- Vehicle wiring
- Diagnose, service and repair a range of electrical systems including (but not limited too):
 - starting
 - charging
 - ignition
 - lighting

Is this course right for me?

I have the following attributes:

- Good background in reading, writing and mathematics
- Good eyesight and vision for detail
- Practical with good problem-solving skills
- Able to communicate and interact with customers

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Fees and charges

View our [Indicative Fees list](#)

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
