AHC40416 Certificate IV in Horticulture
National ID: AHC40416 | State ID: BCW2

About this course
Develop your supervisory skills for the horticulture industry

This qualification will provide you with the practical skills and knowledge to coordinate and supervise operations in your chosen field of horticulture. You can choose to learn skills from a range of subjects that enable you to cost and supervise projects, develop and implement programs and provide training. You can also choose subjects that will further develop your technical expertise in horticulture.

You may be able to attain a dual qualification incorporating this qualification and with the Certificate IV in Conservation and Land Management, talk to staff when you enrol.

Gain these skills
- Design garden and plant displays
- Supervise staff and implement occupational health and safety standards
- Plant nutrition, health, propagation and recognition
- Landscape design, horticultural products and services
- Business management and administration

Is this course right for me?
I have the following attributes:
- Enjoy nature and the outdoors
- Comfortable working in a physical environment
- Practical and able to undertake manual labour
- Problem solving and organisational skills

Fees and charges

View our Indicative Fees list

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.
International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
