About this course

This qualification is part of the Lower fees, local skills program where you'll pay only half of the standard course fees.

Are you interested in a career in health but don’t know where to start?
The Certificate IV in Preparation for Health and Nursing Studies will give you a sound knowledge about the human body and health, as well as the study skills to support your further learning.

As well as being a great starting point, the course is also great stepping stone between Certificate III qualifications such as Health Service Assistance, Allied Health Assistance and towards Diploma qualifications like Enrolled Nursing.

This course can be studied part time through our Joondalup (McLarty Avenue) campus.

Joondalup (McLarty Avenue) and Mt Lawley campuses undertake a blend of collaborative and online sessions, with some face to face tutorials. Mt Lawley campus is predominantly face to face delivery.

Gain these skills

- Interpret and apply medical terminology appropriately
- Provide information on human anatomy and physiology
- Provide information on the fundamental principles of microbiology used in health settings
- Use mathematics in a nursing and health context

Is this course right for me?

I have the following attributes:

- Caring, understanding, non-judgmental and empathetic
- Attention to detail and diligent
Quick problem-solving abilities
Critical thinking

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey. This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

Further study pathways may include:

- Bachelor of Nursing
Other health-related degrees at university

Job opportunities

To explore job profiles

Not occupationally specific. This course will give you a sound knowledge about the human body and health, as well as the study skills to support learning in qualifications such as Health Service Assistance, Allied Health Assistance and Diploma qualifications like Enrolled Nursing.

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check TAFE International WA to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
