

AHC51116 Diploma of Conservation and Land Management

National ID: AHC51116 | State ID: BDA6

About this course

Cultivate a bright future for yourself and others

This qualification will provide you with the **practical skills and knowledge** to manage conservation and land management activities.

You will learn about the various areas of the industry such as **land management, natural resource management, mine site rehabilitation, forestry** and **national parks**. You will also learn skills in managing projects, programs and staff as they relate to your chosen area/s of specialisation.

Completing an additional two units with the Diploma of Conservation and Land Management will see you gain a **dual qualification**, incorporating the Diploma of Horticulture, talk to staff when you enrol.

Gain these skills

- Collect and classify plants
- Conduct biological surveys and soil sampling
- Identify pests
- Design natural restoration and management plan for an area
- Maintain work health and safety processes

Is this course right for me?

I have the following attributes:

- An interest in conservation and the environment
- A willingness to work both indoors and outdoors
- Self motivated and independent
- Strong communication and interpersonal skills

Details

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online learning, virtual classrooms (live web conferencing with your lecturer and class) and classroom delivery, as well as practical and work experience placements.

Lecturers will provide specific instructions to their student groups on how training will be undertaken.

Semester 2, 2020

Joondalup (Kendrew Crescent) - On Campus

[Land Management Unit Supervisor](#) | [Indigenous Land Manager](#) | [Natural Resource Manager](#) | [Landcare Manager](#) | [Park Ranger](#) | [Soil Conservation Specialist](#) | [Environmental Officer \(Lands, Parks and Wildlife\)](#)

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
