MSL50118 Diploma of Laboratory Technology
National ID: MSL50118 | State ID: BDV4

About this course
Gain complex skills in laboratory technologies

This course will provide you with the practical skills and knowledge you need to use laboratory application software, plan and conduct laboratory/field work and communicate and provide information to customers. You will also be able to specialise in a diverse range of industries including chemical, medical and pathological, mining, biological, and environmental fields.

Gain these skills
- Analyse, process and interpret data
- Report results
- Apply quality system and continuous improvement processes

Is this course right for me?
I have the following attributes:
- A strong interest in science and chemistry
- Able to adhere to workplace safety standards
- Good communication skills and able to work as part of a team
- Normal colour vision

Details
During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey. This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a
combination of these, depending on which is most appropriate.

Semester 1, 2020

East Perth - On Campus

⏰ Duration: 2 Semester/s
📅 When: Semester 1, 2020
📚 How: On campus

Semester 2, 2020

East Perth - On Campus

⏰ Duration: 2 Semester/s
📅 When: Semester 2, 2020
📚 How: On campus

Entrance requirements

Please note: To gain entrance into this Diploma qualification you need to have: MSL40118 Certificate IV in Laboratory Techniques or equivalent
OR
a Certificate IV or higher level qualification in a relevant science discipline
OR
demonstrated equivalent skills and knowledge in a relevant science discipline.

Further study

This course may provide university entry.

Job opportunities

Chemistry Technician | Earth Science Technician | Life Science Technician | School Laboratory Technician

Other job titles may include:

- Technical Laboratory Officer | Technical Assistant
• Laboratory Assistant | Laboratory Technician
• Instrument Operator

Please note this list should be used as a guide only as job titles and qualification requirements may vary between organisations.

Important information

Other costs for consideration:

• Text Books
• Stationery
• Personal Protective Equipment (PPE)

Typical timetable:

• 3 days per week

Workplace:

• Optional

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check TAFE International WA to confirm this course is available to international students. You will pay your tuition fees to TIWA.
