About this course

Do you want a trades career with the class of glass?

You will gain the knowledge and skills to work effectively in the construction industry, fabricating and installing residential and commercial glazing, preparing and installing mirrors, shower screens, and splashbacks, working with architectural and structural glazing, measuring, calculating the right amount of materials for the job, and workplace health and safety.

The Certificate III in Glass and Glazing is an apprenticeship, please see the Apprenticeships section for more information.

Gain these skills

- Glaze and reglaze windows and doors
- Select, cut and process glass and materials for glazing products
- Install shower screens, mirrors, and glass splashbacks, commercial and structural glazing products
- Make measurements and calculations, and estimate job costs
- Read and interpret work documents

Is this course right for me?

I have the following attributes:

- Enjoy practical and manual work
- Comfortable working outdoors in a physical environment
- Problem solving and basic maths skills
- Safety conscious and accurate

Fees and charges

View our Indicative Fees list

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check TAFE International WA to confirm this course is available to international students. You will pay your tuition fees to TIWA.
Please note, fees are subject to change.
