

Pesticides Skill Set (Level 4)

State ID: EAB02

About this course

Meet the requirements for pest industry licensing

This Skill Set has been designed to meet the Department of Health requirements to gain a Pest Management Technician Licence to **treat mainly weeds** and other **minor pests** in lawns and gardens, landscaping, bushland or minesite rehabilitation.

For further information regarding the technician licence and requirements visit the [Department of Health website](#).

Gain these skills

- Use small, portable hand held operated sprayers such as a knapsack or back pack, to control weeds and other minor pests
- Develop procedures to minimise risks in the use of chemicals
- Control plant pests, diseases and disorders
- Plan and implement a chemical use program

Details

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online learning, virtual classrooms (live web conferencing with your lecturer and class) and classroom delivery, as well as practical and work experience placements.

Lecturers will provide specific instructions to their student groups on how training will be undertaken.

Continuous enrolment, 2020
