

Pesticides Skill Set (Level 4)

State ID: EAB02

About this course

Meet the requirements for pest industry licensing

This Skill Set has been designed to meet the Department of Health requirements to gain a Pest Management Technician Licence to **treat mainly weeds** and other **minor pests** in lawns and gardens, landscaping, bushland or minesite rehabilitation.

For further information regarding the technician licence and requirements visit the [Department of Health website](#).

Gain these skills

- Use small, portable hand held operated sprayers such as a knapsack or back pack, to control weeds and other minor pests
- Develop procedures to minimise risks in the use of chemicals
- Control plant pests, diseases and disorders
- Plan and implement a chemical use program

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.
