

Ceramics Extension Skill Set

State ID: EAB50

About this course

Take your ceramics techniques to the next level

North Metropolitan TAFE is offering this new Ceramics Extension Skill Set to help you develop the range and breadth of your ceramics techniques and treatments.

Whether you are an emerging or experienced ceramicist or potter looking to explore and experiment with ceramics or an art teacher/instructor wanting to complete some professional development in a **ceramics studio environment**, this skill set will extend the scope of your current techniques and help you **manage and operate kilns safely** to ensure safe creative practice.

You'll refine **throwing, moulding and casting techniques** as well as exploring **glazing processes** and **ceramics surface treatments**.

Completion of this skill set will put you on the path to achieving the [Diploma of Visual Arts](#).

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.
