

Online Digital Layout Design Skill Set

State ID: EAB57

About this course

Start on your pathway to web page design

This foundation skill set will provide you with a solid understanding of **digital design theory**, **web layout design**, **image optimisation**, colour theory and even Adobe CC.

You'll be able to build a basic website to the technical requirements and expectations of a client's business, using current industry **web-authoring tools** such as Adobe Creative Cloud.

Gain these skills

- Scope web page requirements, and create and implement designs
- Build a basic website and create content
- Convert and optimise text and images to the appropriate web protocols
- Develop cascading style sheets (CSS3) that are attached to a HTML5 mark-up language documents

Some of the courses on the list can be done completely online. However some of the courses require a practical component which can't be done online, or some may be a mix of online and face-to-face learning. We'll let you know what's required for your course. For a full list of online courses, please use the filters under the *Refine course results* menu.

This skill set is related to the Skills Ready program. Other skill sets can be found on our [Courses](#) page, using the *Refine course results*>*Study mode* filters.

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

You can further your studies with our other web design skill sets and/or continue on to study NMT's Certificate IV in Web-Based Technologies

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**North
Metropolitan**

*We're working for
Western Australia.*

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
