

Supporting Children (2 - 12 years) with Autism Skill Set

State ID: EAB77

About this course

Gain the skills needed to support children with autism in school or child care settings

This skill set has been designed to help you support children aged 2 - 12 who have educational needs associated with autism spectrum disorder (ASD).

If you are a teacher, an education assistant or an early childhood educator, North Metropolitan TAFE's experienced lecturers can provide you with the knowledge to support children with autism in school or care settings.

Some of the courses on the list can be done completely online. However some of the courses require a practical component which can't be done online, or some may be a mix of online and face-to-face learning. We'll let you know what's required for your course. For a full list of online courses, please use the filters under the *Refine course results* menu.

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.
