About this course
Your gateway to a rewarding career in a growing industry

Early Childhood Education and Care is an expanding industry for those with a genuine interest and passion in the care and education of young children up to the age of 5 years. The childcare industry is demanding higher qualifications and training from educators in this field to ensure consistently high standards of education and care for children placed in these services. **Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**International Students**
