

MSF30313 Certificate III in Timber and Composites Machining

National ID: MSF30313 | State ID: J749

About this course

Get into the timber machining industry

This course will provide you with the opportunity to develop the skills and knowledge to perform **timber and composites machining** for the **manufacture** of furniture, built in and freestanding cabinetry and other timber components. You will utilise a range of static machinery as well as **specialist computer numerically controlled (CNC) machinery** to manufacture components as specified in working drawings and cutting lists. You will also gain the fundamental knowledge required to perform machine set up, operational maintenance and basic troubleshooting.

The Certificate III in Timber and Composites Machining is an apprenticeship, please see the Apprenticeships section for more information.

Gain these skills

- CNC machine set up
- Use hand tools
- Knowledge of the materials used in manufacturing

Is this course right for me?

I have the following attributes:

- An interest in practical and manual skills
- Able to undertake precise and exact work
- Problem-solving skills and an eye for detail
- Able to undertake strict safety requirements

Overview

Semester 1, 2019

Balga - Apprenticeship

 When: **Semester 1, 2019**

 How: **Apprenticeship
Apprenticeship
On campus**

Semester 2, 2019

Balga - Apprenticeship

 Duration: **6 Semester/s**

 When: **Semester 2, 2019**

 How: **Apprenticeship
On campus**

Entrance requirements

School Leaver

Non-School Leaver

AQF

OLNA or NAPLAN 9 Band 8

C Grades in Year 10 English and Maths or equivalent

Certificate I or Certificate II

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check [TAFE International WA](#) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

Please note, fees are subject to change.
