

SC-MFM-V1241 Laser shaft alignment

State ID: SC-MFM-V1241

About this course

This course is designed for technicians and installers who need the skills to align industrial equipment.

If you have to **align shafts, couplings, gear boxes** and **pumps** and use **laser alignment equipment**, this one day course will explain shaft and coupling techniques and give you hands on use of laser alignment instruments including soft foot and blue tooth connection.

This is a one day course run on a Wednesday, 8:00am - 4:30pm

For more information about this course view [our flyer](#).

Fees

\$455
