

SC-MHF-V1259 Tig welding (Tungsten Inert Gas)

State ID: SC-MHF-V1259

About this course

Enhance your existing welding skills or learn new techniques.

North Metropolitan TAFE offers courses to train you in the use of TIG or GTAW (Gas Tungsten Arc Welding) processes. You'll gain professional techniques to work with a variety of ferrous and non ferrous materials so you can manufacture and assemble projects in carbon steel, aluminium and stainless steel.

Courses are conducted at our Midland campus and run over five Tuesday evenings, or during the day on Thursday and Friday. For more information, view [our flyer](#).

Fees \$505 (including gst)
