

SC-MHF-V1321 Mig Welding (Metal Inert Gas)

State ID: SC-MHF-V1321

About this course

Come along to our MIG (metal inert gas) Welding course and learn professional techniques on steel. Learn how to use the GMAW (gas metal arc welding) process to manufacture and assemble your projects at home.

Begin by gaining the skills to recognise hazards and use welding equipment safely and learn about welding terminology and defects. You will receive demonstrations and guidance on correct technique and the opportunity to develop your GMAW skills over the duration of the course. You will be required to wear personal protective clothing/equipment at all times which includes steel capped safety boots, clear safety glasses, long drill cotton pants and cotton drill long sleeve shirt.

Courses are run over five Tuesdays, for more details, please view [our flyer](#).

Fees \$505 (including GST)
