Japanese Beginners Stage 3
State ID: SC-PLS-V1343

About this course

Continue on your Japanese pathway

This course is a direct continuation of Beginners Stage 2. Words and phrases learned are revised and extended to new situations, and more cultural information on the countries added. Wherever possible, the course is tailored to meet the needs and interests of the group.

With more sister cities established in both countries, the demand for Japanese language skills in business, hospitality and tourism industries is increasing. In addition, banking, finance and security companies are rapidly increasing their requirements for Japanese and English speaking staff due to the restructuring of the economic system in Japan.

Whether you want to learn Japanese to enhance your effectiveness at work, to make your holiday trip more fulfilling or simply for the joy of learning about a new language and culture, we welcome you to our classes and wish you enjoyment and success.
