

SC-PPH-V0407 Photo Restoration and Editing

State ID: SC-PPH-V0407

About this course

Photo restoration & editing in a day

You'll learn how to prepare and scan precious original photographic prints and then repair, rebuild and enhance images to prepare them for use as new prints and as digital files. This course is designed for people who wish to fix old family and historical photographs to share and preserve for perpetuity. This work can simply be done with a scanner and a computer running Photoshop.

What to Bring

- Students are encouraged to bring their own prints that require restoration work.
- A USB to save work completed during the course.
