

Photography Stage 1

State ID: SC-PPH-V0745

About this course

Get the most out of your digital camera

Learn the fundamentals of using a DSLR (digital single lens reflex) camera with this short course that demonstrates the advantages of using a DSLR in manual mode thus harnessing the creative potential of the camera.

The course is a blend of:

- Helpful theory in easy to understand formats.
- Clear demonstrations of how to put the theory into practice.
- Practical activities, including a shoot on location.
- Ample opportunities for questions and further clarification.
- Lecturers who are keen to assist you with taking your photography to the next level.
