State ID: SC-PPH-V0746

About this course

Expand your photography skills

Follows on from the Photography Stage 1 course and allows photographers to take their photography to the next level.

This course provides students with skills that allow them to develop their personal vision as well as introducing more specialized areas such as artificial lighting, close-up photography and Lightroom. Moving beyond just taking photographs, this course will help the photographer develop their body of work and lead them down the path to getting their work shown to a wider audience.
