

Drawing from scratch

State ID: SC-PVA-V0262

About this course

An introduction to drawing

This course is an introduction to basic approaches and materials used in drawing. It is intended to give beginners a foundation to work from, as well as a refresher course for those who already have some skills and experience. The aim is help you develop your drawing skills, hand-eye co-ordination and exploration of your own creativity. You'll be introduced to exercises in **still-life** (objects), **linear perspective**, **portraits**, **expression** and **life-drawing** (nude or draped model). The range of materials includes pencils, graphite, charcoal, ink and papers.

Gain these skills

- Observation of shape and form, proportions, tone, light and shade
- Understanding of structure via linear perspective
- Different approaches to drawing

You will be supplied with basic materials for drawing (paper, charcoal, ink, pencils, and erasers) during the class. You are welcome to bring along any further drawing materials that you already have and would like to explore in the class.

Dress requirements

- You must wear enclosed shoes e.g. sneakers or leather type shoes

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey.

This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.
