CPC40110 Certificate IV in Building and Construction (Building)

National ID: CPC40110 | State ID: W740

About this course

A career built from the ground up

This qualification will provide you with the practical skills and knowledge to work in building management, production teams and operations workforce to manage and support a small to medium building business dealing with low rise construction projects. Completing this course will help you gain the diverse range of skills needed to project manage the construction of low rise residential and commercial constructions.

Gain these skills

- Plan and supervise construction work
- Prepare, cost and schedule a contract

Is this course right for me?

I have the following attributes:

- Excellent written and oral communications skills
- Interested in team management
- Able to work effectively under pressure
- Organisational and effective time management skills

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey. This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

- Evenings (part-time)

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees. **Tuition fees** are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.
**Resource fees** are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

**International Students**

Check [TAFE International WA](http://TAFEInternationalWA) to confirm this course is available to international students. You will pay your tuition fees to TIWA.

*Please note, fees are subject to change.*
