CPC50210 Diploma of Building and Construction (Building) (Builder's Registration)

About this course

*We've been producing skilled construction workers for over 50 years - making us the perfect choice for your training*

This Diploma has close ties with the Department of Mines, Industry Regulation and Safety - Building and Energy - Building Services Board. You'll gain the skills and knowledge to work in building management, production teams and the operations workforce to manage constructions from a small building business through to medium rise constructions. You will also.

There are many ways that you can study this course including full time, part time, Flexible Learning Stream and work based. For information about Flexible Learning Stream (FLS) delivery for this course, view our flyer for details, or call us to discuss our other study options.

Gain these skills

- Building codes and standards knowledge
- Structural principles
- Medium size building project management
- Supervise construction-planning processes
- Legal obligations
- Contracts
- Monitor costing systems
- Develop policies and procedures
- Builder's office operation and production
Is this course right for me?

I have the following attributes:

- Good communication and team working skills
- Management and leadership skills
- Good organisational skills
- Technical aptitude
- Good written and electronic computer skills
- Office and paperwork focused

Details

During your course of study, NMTAFE may use a variety of learning practices to ensure you get the best outcome for your learning journey. This may include online learning, face-to-face classroom, laboratory/workshop delivery, work placement or a combination of these, depending on which is most appropriate.

Entrance requirements

<tbody>
<tr>
<td>Completion of WACE General or ATAR (Minimum C Grades) or equivalent</td>
<td>Completion of WACE General or ATAR or equivalent (minimum C Grades)</td>
<td>Certificate III</td>
</tr>
</tbody>
</table>

Please note this qualification is open to two groups of students;

1. Students who wish to apply for their Builder’s Registration and who have seven years’ building experience (or will have by the end of the course); and

2. Students who may not have seven years’ experience in the building industry (or no experience at all). For these students, this qualification will provide opportunities in the para-professional jobs listed in ‘Job Opportunities’ section.

Further study

Advanced Diploma of Building and Construction Management or University

• Stationery

Typical timetable:

• Approximately 25 hours over 3.5 days per week (full-time)
• Evenings (part-time)

Fees and charges

Local full time students

Course fees are made up of two components, tuition fees and resource fees.

Tuition fees are determined by multiplying the course fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit. They are not the hours of training or instruction.

Resource fees are charges for material that are essential to a course or unit, and are purchased by NMT to be used by students during the course.

Fees may vary depending on the units you are enrolled in so an approximate amount has been shown. You will be given the exact amount of your fees at enrolment. Part time student fees will vary depending on the number of units you are enrolled in.

Please note, you may also need to buy textbooks or equipment for your course.

International Students

Check TAFE International WA to confirm this course is available to international students. You will pay your tuition fees to TIWA.
