

Computers for Life and Living Skill Set

For people with an intellectual or learning disability

Duration

The Computers for Life and Living classes run once a week, for one semester (six months). All classes are run at the Leederville campus.

Description

This course builds on skills developed in Introduction to Computers. Students will be using Microsoft Word and PowerPoint, and the internet. Students will develop skills to use a personal computer as a tool for further learning.

Units

This course is made up of the following two units:

WOWTEC101A	Technology for work
GATE52769WA	Technology for living

Entrance requirements

Students must:

- Be personally motivated to attend and actively participate with other students in the class.
- Demonstrate behaviour appropriate to the adult learning environment.
- Have at least Level 4 language and literacy skills to realistically achieve the course outcomes.

Please note that due to limited class sizes, meeting entrance requirements does not guarantee applicants a place in this course.

Unique Student Identifier (USI)

All prospective students must have a USI before they can enrol in any course at North Metropolitan TAFE. A USI is available from the following Government website and is free www.usi.gov.au.

How to apply

Selection is by interview, which may also include an academic assessment.

Interviews for classes and courses starting in February 2021 will take place in D Block Leederville campus from Tuesday 1 December to Tuesday 8 December 2020.

You will need to attend only one (1) interview, even if you are interested in more than one course.

Please email Jeff.Hoyle@nmtafe.wa.edu.au for more information.

Course commencement date

All classes and courses start the week commencing Monday 1 February 2021.
