

Indicative Fees

Online Courses 2021

These fees are estimates only for students enrolling in an online study mode. Units may change form time to time and the order of delivery may be altered to better suit assessments and outcomes. Please refer to your individual study plan and quote and discuss with your learning area for further information.

Fees might differ between courses delivered online and on campus due to different resource requirements.

Fees may also differ for each individual student depending on the units of study selected, prior qualifications and recognition of prior learning.

Fees listed are broken down by unit, stage and also show a total for the entire course. Fees are payable at enrolment each intake for the units enrolled for that period.

Proof of concession must be presented to access concession rates if eligible.

For secondary school aged persons (in 2021, students born on or after 1 July 2003 who are at least 15 years old) not enrolled at school undertaking training that is not part of a VET Delivered to Secondary Schools program, the maximum course fee chargeable in 2021 is \$420 plus the resource fees and discretionary fees.

Prices quoted include resource fees if applicable, but do not include material fees such as the cost of books, uniforms and students personal equipment.

The course fee cap applicable to Diplomas and Advanced Diplomas only applies during the current calendar year, so fees might differ for students enrolling across calendar years.

VET Student Loans Eligible Courses and Caps may be subject to changes implemented by the Australian Government

Students who are not eligible to take up a subsidised (State Funded) place may be given the option of paying commercial fees. These are referred to as a commercial enrolment. Concessions, fee caps and Secondary School Age cap do not apply to commercial courses, or Foundation Programs (ESL, General Education, etc.)

Course information and fees are subject to change without notice.

Students residing in Australian States or Territories other than Western Australia enrolling in courses will be charged an Interstate fee. These fees are listed below. Not all courses are available to Interstate students.

Students not eligible for government funding, including, but not limited to, those on a visa and secondary school students still enrolled at school, are charged a Commercial fee. These fees are listed below. If you believe you fall into this category, please contact us to confirm your eligibility. Not all courses are available to Commercial students.
