

First Steps in Engineering Drafting

BG&E skill set

BG
&E

JOB
opportunity
at BG&E
upon completion
FOR SELECTED
STUDENTS

This free skill set, designed specifically for Aboriginal and Torres Strait Islander students, is your introduction to a dynamic career in engineering and drafting.

Sponsored by renowned Civil and Structural Design Engineering firm BG&E, you'll cover subjects like computer aided design (CAD), technical drawings, free hand sketches, and engineering measurements. Once you successfully complete this skill set, you can further your studies, as these units provide credit towards the MEM30505 certificate III in Engineering - Technical.

After the course selected students will be given the opportunity of paid work experience at BG&E'S Perth Office where they will be able to put new skills and knowledge into practice.
