While you are at NMTAFE

NMTAFE By-Laws and Student Code of Conduct

As a student at NMTAFE you must follow NMTAFE's by-laws and Student Code of Conduct.

NMTAFE By-laws and Student Code of Conduct are available on our website at northmetrotafe.wa.edu.au/policies

The Student Code of Conduct outlines the standard of academic integrity and personal behaviour expected of all NMTAFE students.

It is expected that as an NMTAFE student you will:

- Treat staff and fellow students courteously and with consideration at all times
- Be responsible for your study program
- Maintain a reasonable standard of grooming, including appropriate standards of hygiene and clothing
- Take reasonable care of NMTAFE property, equipment, and facilities

Behaviour contrary to the student code of conduct often constitutes a breach of our by-laws. Sanctions (penalties) may be imposed on people who breach the by-laws including fines, suspension, expulsion, exclusions and withholding results.

If you are unsure about what is the right thing to do in any circumstance, you are encouraged to ask advice from our staff.

Safety, health and security

The safety and health of our staff and students is important to NMTAFE. Students share a responsibility for the safety and health of themselves and others which is known as your 'duty of care'.

This 'duty of care' requires that you:

- Make yourself aware of and comply with the relevant NMTAFE policies, procedures and instructions
- Take reasonable care of yourself and others in the learning environment by being aware of the effects of your actions
- Cooperate with NMTAFE staff so they are able to carry out their duties under the *Occupational Health and Safety Act 1984*
- Report all known or observed hazards, incidents and injuries to an NMTAFE staff member or security personnel

Evacuations

All campuses have emergency procedures for managing situations that may require evacuation of a building, including evacuation alarm systems and fire suppression sprinkler systems. You should learn the evacuation procedure for your campus. Evacuation plans, assembly areas and instructions on evacuation routes are located on floor plans located near each class. If in doubt, ask your lecturer.

Upon hearing the evacuation alarm, all students must stop what they are doing and follow the instructions given by the wardens, or any staff member who may be directing the response to an alarm.

If the alert siren sounds:

- Go to the nearest fire exit as directed. DO NOT RUN
- Only take your personal belongings
- Do not use lifts or telephones
- Advise a warden, staff member or lecturer of any injured persons as soon as possible

Any person with a mobility disability (e.g. person in a wheelchair) in a multi-story building should remain in a designated stair well (which are fire safe) with a volunteer helper, if possible. Emergency services personnel, or a trained staff member using an evacuation chair, will transport a person with a mobility disability from the building. Students should not attempt to bring wheelchairs downstairs or attempt to use the evacuation chairs unless trained.

When you get outside, go to the nominated assembly area and remain in class groups so the lecturer can check the roll and account for all students.

Do not remove or use vehicles on campus grounds during evacuations until an all clear is given.

First aid

NMTAFE maintains a network of staff who are registered and trained first aiders. All security guards have been trained in first aid. If you are in need of first aid, please speak to your lecturer, a staff member, or security personnel and a first aider will be contacted.

Ambulance and insurance cover

In the event of a student requiring emergency medical treatment, NMTAFE has a duty of care to call an ambulance. As NMTAFE do not cover the cost of the ambulance or medical expenses, it is strongly recommended that all students obtain personal insurance and ambulance cover. Students are not covered for personal accident whilst on campus.

For more information about safety, health and security while on campus or on formal college-organised work experience please refer to our website northmetrotafe.wa.edu.au/policies

Tertiary SmartRider

Full-time students are entitled to travel concessions on Transperth services. Application forms for the Tertiary SmartRider are available from Client Services. You will need to be enrolled and attending class as a full-time student. A Client Services staff member will need to sign and stamp the completed application form. Please note, SmartRider applications must be completed each semester as required by Transperth.

Student ID cards

Student ID cards are optional, however they are required for accessing the scanning, photocopying and printing facilities and borrowing items from the Library.

Student ID cards are the easiest way to prove you are an enrolled student and must be presented with your SmartRider on Transperth services to prove you are entitled to travel concession. Student ID cards cost \$10. Please pay at your campus Client Services counter and then take your receipt to the Library to receive your card.

Student parking

Student parking is only available at Balga, Clarkson, Kendrew, McLarty and Midland campuses. ACROD parking bays are available at every campus.

Students will need to display a valid parking sticker on their vehicle or risk receiving an infringement. You can obtain a parking sticker by applying online northmetrotafe.wa.edu.au/current-students/student-essentials and then collecting and paying your permit fee at Client Services. The cost per parking sticker is \$5.

Please note, a parking sticker is issued on receipt of the prescribed fee. Prescribed fees are per sticker rather than per person and the fee is not refundable. For a student parking sticker to be valid, there must be a matching online parking application for that student.

Please ensure you are familiar with the parking policy for your campus which can be found on the website at northmetrotafe.wa.edu.au/policies

Requesting your Certification

Once you've successfully completed your studies, you are entitled to receive your AQF Certification (Award).

If so, AMT will generate the Training Contract Completion Agreement and send for sign-off by you and your employer. Once you, your employer and NM TAFE have agreed that your training contract is complete, you will receive your Trade Certification from the Apprenticeship Office and NMTAFE will issue your qualification.

For further information about applying for your Award or to update your details please contact 1300 300 822.

Throughout your life you will have gained skills and knowledge and these will have been obtained through formal training (such as attending a TAFE or university), non-formal training (for example, via a professional development program conducted by your work) or informal learning (such as on-the-job).

Skills recognition is a formal process whereby we assess your knowledge and skills to determine if we can grant advanced standing for any of the units of competency you are enrolling into or are currently enrolled in. These are recognised via:

- Credit Transfer
- Recognition of Prior Learning (RPL) – fees apply
- Recognition of Current Competency (RCC) – fees apply

Details regarding each of these skills recognition options, including how to apply, are available on our website northmetrotafe.wa.edu.au/skills-recognition

Duty of care for minors

The learning and social environment at North Metropolitan TAFE is very different from secondary education. Parents, guardians and minors (students aged less than 18 years of age) may find a summary of the information below useful but are also encouraged to refer to the detailed information for parents and guardians on our website northmetrotafe.wa.edu.au/parents

NMTAFE environment

NMTAFE is a vocationally oriented adult learning environment. It prepares students for employment in their career of choice and must out of necessity provide a mature age learning environment to responsibly prepare students for the workforce. At the same time students range in age from mid-teens to retirees and so for some students, the training experience provides a transition from a school environment to an adult employment-focused environment. The College must therefore operate as an adult environment and so all students are expected to act in a mature manner and manage their own behaviour so that it complies with the Student Code of Conduct northmetrotafe.wa.edu.au/policies

Orientation, attendance and absences for minors

Students will receive a course orientation at which a course outline and timetable will be issued.

Attendance is recorded for every scheduled class. If a student is absent from an entire scheduled on campus class parents will be notified within three (3) working days of the absence. Please ensure any changes to your contact details are updated by contacting Client Services.

Supervision

NMTAFE does not provide direct supervision of students outside of classroom lectures. We strongly advise that you discuss the timetable with your child to ensure such things as transport to and from the college and activities between classes are constructively used.

Classroom and training environment

NMTAFE is an adult learning environment with a focus on developing skills to the standard required in the workplace, so this means that:

- Students are responsible for their own learning and are expected to manage their workload, seeking assistance from lecturers when needed.
- Students may be required to complete assessment tasks/ assignments outside of their scheduled timetable. Students are responsible for submitting their work by the due date. Lecturers will not follow up outstanding assessments with students, rather the student will be marked as incompetent for that task.
- Students may be required to work on projects with adult students and this may involve working and communicating with such students outside of normal class or study hours.

For more information about Duty of Care for minors please contact the Duty of Care Officer on 9427 1190 or DutyofCare@nmtafe.wa.edu.au
