Do you have trade and engineering qualifications? Do you want to obtain a Gas Authorisation from Energy Safety WA?

North Metropolitan TAFE’s Gas Authorisation course will teach you how to service and maintain Type B gas appliances. You will also learn how to change components like for like and how to maintain the Type B gas appliance in its commissioned state.

If you have already successfully completed the appropriate two-day supervised gas fitter course within 2 years of enrolling in this course then you are only required to attend for eight days of training.

LOCATION
North Metropolitan TAFE - Midland Campus (Lloyd Street, Midland)

DURATION
10 days (eight days if you have already completed the Supervised Gas Fitter Course within 2 years of enrolment date).

TIME
8:00am to 4:30pm

COURSE COST
$3850.00 (excluding GST) for 10 days
$3000.00 (excluding GST) for eight days

CONTENT
• Legislation
• Safety OHS
• Gas system components
• Component specifications
• Tools and equipment
• Gas, electrical safety and isolation procedures
• Sustainability principles and concepts
• Ventilation systems
• Testing and servicing equipment
• Gas and electrical safety checks
• Operational parameters of individual components
• Appliance operations
• Nature and possible cause of faults
• Electrical and gas safety checks and isolation procedures
• Plans and diagrams
• Appropriate testing techniques, procedures and equipment
• Cause of fault
• Options of correction
• Repair, replacement of adjustment
• Appliance is assessed
• Work area is cleared and materials disposed of correctly
• Information is accessed and documentation completed properly
• Practical
