The SEE at North Metropolitan TAFE Midland Campus

The Skills for Education and Employment (SEE) program provides language, literacy and numeracy training to eligible job seekers, to help them to participate more effectively in training or in the labour force.

The SEE program will help participants to:
- Improve their reading, writing, listening and speaking skills
- Improve their numeracy and computer skills
- Gain the confidence and skills to apply for jobs
- Explore work and training options

Surrounded by the Blackadder and Woodbridge creeks in the heart of Perth's Swan Valley region you'll find North Metropolitan TAFE's Midland campus. The campus offers a perfect location from which to participate in the SEE program.

Contact SEE

For more information, please contact the SEE program:
North Metropolitan TAFE - Midland campus
Corner of Lloyd Street & Eddie Baron Drive, Midland
(08) 9207 4840 / 9427 1647

Benefits of the SEE

Each client then has a Client Training Profile developed that outlines the tailored training they will receive to meet their needs and also forms the basis for recording the participant’s progression through training.

All participant learning outcomes are reported against the Australian Core Skills Framework (ACSF).

About the SEE Program

Job seekers are referred to the program by the Department of Human Services (DHS) and Employment Service Providers, including:
- Jobactive
- Disability Employment Services
- Community Development Program
- Transition to Work
- ParentsNext

The AMEP is funded by the Australian Government and managed by the Department of Education and Training.

Students

The program provides high-quality, flexible training to eligible job seekers and caters for the increasing demand for English language training as well as the continuing need for literacy and numeracy skills training in a vocationally-oriented environment.

Training is normally delivered face-to-face although the flexible design of the program allows for training to be delivered by distance-mode or a combination of the two.

The SEE program provides initial, basic and advanced accredited English language training, as well as basic and advanced literacy and numeracy training. Following a Pre Training Assessment of language, literacy and numeracy competencies, clients are placed in the proper stream of training with the appropriate training focus.
